Introduction to *CTB*

Welcome to *China Tender Bulletin*, your key to the lucrative Chinese government market.

CTB is a twice-weekly list of invitations to tender (“ITTs”) issued by provincial-level governments in all 31 of China’s provinces, autonomous regions and directly-administered municipalities, and by the governments of the largest cities in each province. Depending on government decisions to issue ITTs, and the governments’ own ability to publish ITTs, *CTB* usually contains information from 28-31 provincial-level governments and 90-100 cities. A full list of the target provinces and cities is available on request.

Because of the short tender periods used by many government departments in China, *CTB* is designed to be published as quickly as possible, and to be read as quickly and easily as possible. This gives you the time you need to find tenders of interest, receive full invitation to tender documents, and submit bids in time to meet these tight deadlines. With this in mind, we limit the information in the main *CTB* document to the following:

- **Issuing authority.** This is the province, municipality, district or government department which issued the ITT.
- **Reference number.** This is the reference number issued by the issuing authority, if one is supplied.
- **Industry sector.** We have divided the invitations to tender into 13 industry sectors. Full descriptions of each sector are set out below. Where an invitation to tender covers more than one of these sectors, it is listed in all relevant sectors.
- **Tender headline.** In most cases, this is a translation of the ITT headline. Where the headline alone would be unhelpful to readers, we have provided very brief highlights of key components of the ITT.
- **Value.** In some cases, the issuing authority announces its budget for the tender, although in most cases it does not. Where this information is given, we have included it in this section. In most cases, the budget is not stated in the ITT. Where available, we have set out key components of the ITT under “tender headline” to give readers an idea of the size of the tender. In cases where this information is not available, please contact us if you require more information: we can often find out more from the issuing authority.

- **Issue date.** This is the date on which the ITT was issued.
- **Closing date.** This is the deadline for the submission of bids.

How to use CTB

The main body of *CTB* contains the basic information set out above for each ITT.

Industry sectors

ITTs are categorised by industry sector, to allow you to quickly identify sectors relevant to your business. We have divided the ITTs into the following sectors:

IT and telecom equipment

This includes computers, servers, networking equipment, computer peripherals, electronic office equipment, televisions, radios, digital cameras, telephones and teleconferencing equipment, and other computer and telecom-related hardware.

IT services

This includes a full range of IT services, including IT consulting, systems integration, installation and implementation, database management, computing outsourcing, and other related services.

Software

This is limited solely to the provision of computer software.

Medical equipment

This covers the full range of medicine-specific machinery and equipment, from syringes to CT scanners.

Electrical equipment

This includes electrical supply and switching gear, lighting equipment, refrigerators and other electrical devices.

Machinery

The industry sector description of machinery provides more description for each product. Categories include cars, trucks, air-conditioners, elevators, specialist vehicles such as street-sweepers and snowploughs,

Building maintenance and management

This includes a full range of outsourced building maintenance and management services.

Construction services and construction materials

This includes a full range of building construction and outdoor landscaping and construction services (excluding those for water and sewage services), as well as raw and manufactured materials used in construction and building decoration.

Furniture

This includes all types of indoor and outdoor furniture.

Water and sewage

This covers products and services related to water supply and sewage disposal. It includes construction projects, construction materials, supply and disposal management, and related products and services.

Scientific equipment

This covers academic and commercial measuring equipment, quality-assurance equipment, laboratory equipment, and other scientific devices (excluding those for medical use).

Research, consulting and financial services

This includes insurance services, banking, management consulting, scientific research, accounting consulting, auditing, process analysis, market research, industry research, environmental research, and all other outsourced research and consulting.

Miscellaneous

This covers all products and services not included in the categories above.

We provide most of our clients with reports that only contain the industry sectors relevant to them, plus the miscellaneous section.

Ordering a full ITT

For speed and efficiency, *CTB* provides only basic information on each ITT. The full text of any ITT is available on request. We can provide the ITT in Chinese or English. A typical ITT will contain information on the issuing authority and contact details, a full outline of the exact product or service required, and information on how and when a tender should be submitted.

- To order a full ITT, please e-mail subs@chinatenderbulletin.com, with the subject line "ITT order".
- Please copy the details of the issuing authority, reference number (if available), industry sector, tender headline, and issue date into your e-mail, and state whether you require the full text in Chinese, English or both languages.

Your subscription to ITT comes with a fixed number of credits for free full texts of ITT front pages. The front page will normally give you all the information that you need to decide whether to bid, and in most cases, will give you enough information to prepare your tender. A full ITT front page will normally be sent within one working day. Charges are as follows:

- English full text: 5 credits.
- Chinese full text: 3 credits.
- Chinese and English full texts: 7 credits.

Additional credits can be purchased from Sinogie at any time.

Once you have received a full ITT front page, you may decide that you need the full text of the tender document. In some cases, where the full ITT text is available free of charge from the tendering authority, the full ITT text is available in Chinese at no extra cost if you have already purchased the ITT cover page. In other cases, the tendering authority demands a fee for the full text, and requires that the full ITT is collected in person from its offices. We can arrange for collection of the full text directly from the local authority for an additional fee. If you require a translation from Chinese into your own language, we can help you arrange this with our partners at Rosetta Translation.

Clarifications

If you require clarification of the meaning of a headline, please e-mail us at subs@chinatenderbulletin.com. We will endeavour to reply within one working day.

Contact details

For more information on *CTB*, please contact the publisher, Bruce McLaughlin, at Sinogie Consulting Australia Pty Ltd. Contact details are as follows:

Bruce McLaughlin

About Sinogie

CTB is published by the Sinogie Consulting Group, a research and consulting firm with offices in Hong Kong, Shanghai and Sydney. Since 2001, we have provided a wide range of services to foreign companies doing business in China and elsewhere in Asia. Our core services include corporate investigation, government policy analysis, market research, industry research, intellectual property protection, partner searches and media monitoring. *China Tender Bulletin* has grown out of our years of experience in working with the Chinese government at the local and national level to help foreign companies work successfully in China.

For more information on how Sinogie's services can help you identify and evaluate markets, find and vet business partners, understand government policy concerning your product or service, protect your brand, and maintain your profile, please visit our website at www.sinogie.com, or e-mail sinogie@sinogie.com.

Terms and conditions

© 2009 Sinogie Consulting Australia Pty Ltd

China Tender Bulletin ("CTB") is a product of the Sinogie Consulting Group. It is sold directly to clients on the understanding that it is for the use of these clients only. *CTB* reports may not be passed on to third parties, in whole or in part, without the express permission of the Sinogie Consulting Group. If you would like us to pass any information from *CTB* to a third party, please contact us at subs@chinatenderbulletin.com or call us on +61 2 8705 5435 to make the necessary arrangements.

Invitations to tender
